CLASS 4 MEDICAL LASER THERAPY

Powerful Light. Profound Results.

Class 4 Medical Laser uses specific wavelengths of light energy to penetrate deep into tissues, stimulating cellular activity and accelerating the body's natural healing process.

BENEFITS INCLUDE:

- ✓ Reduces pain at the source
- ✓ Decreases inflammation and swelling
- ✓ Improves circulation and cellular function
- ✓ Stimulates collagen production
- ✓ Promotes regeneration of damaged cartilage, ligaments, tendons, and other soft tissues
- ✓ Speeds recovery and improves mobility

CONDITIONS WE TREAT:

Arthritis

Tendonitis

Sprains & Strains

Muscle & Joint Pain

KNEE-ON-TRAC DECOMPRESSION SYSTEM

Relieve Pressure. Restore Function.

Knee-On-Trac is a patented, FDA-cleared decompression system that gently and effectively distracts the knee joint, reducing pressure within the joint to allow healing to occur.

BENEFITS INCLUDE:

- ✓ Reduces pain and stiffness
- ✓ Decreases inflammation and joint pressure
- ✓ Improves nutrient flow and removes inflammatory waste
- ✓ Supports the regeneration of damaged cartilage and connective tissues
- ✓ Improves range of motion and overall flexibility

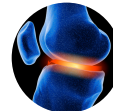

IDEAL FOR:

Osteoarthritis of the Knee

Meniscus Injuries

Cartilage Damage

Post-Surgical Recovery

Chronic Knee Pain

Safe, painless, and effective for acute and chronic conditions

FDA-Cleared. Comfortable. Effective.
Backed by Clinical Results.

TOGETHER, THESE ADVANCED THERAPIES WORK SYNERGISTICALLY TO

REDUCE PAIN • CALM INFLAMMATION • REGENERATE DAMAGED TISSUE

Your journey to healing starts here—with technology, experience, and care you can trust.
